Emerald Gardens,

We are fortunate to have found such a "garden of Eden" for our mom. There is no doubt she is in a wonderful place, as we go about our daily lives we are confident that her needs are met with love and concern. The atmosphere is one of compassion. Notifying us if some change occurs in her health status gives us great comfort. Thanks to all of you for taking such great care of Ms. Ann.

Again, we appreciate all of the things you do for our family's matriarch.

WISHING YOU HAPPINESS
AT THIS HOLIDAY SEASON
AND ALWAYS.

God's grace be upon you!

Prayerfully,
