February Birthdays

In astrology, those born between February 1–18 are Water Bearers of Aquarius. They are creative and intellectual philosophers at heart, getting to the root of problems and using their energy and passion for the benefit of others. Those born between February 19–28 are born under Pisces. Friendly and selfless, they are always willing to help others with their hearts on their sleeves. Thanks to an intuitive understanding of life, Pisces make deep connections with other living beings.

Resident of the Month

Mildred Davis

Mildred was born and raised in Marshville, NC. Moving from Greensboro to Clemmons allowed her to be closer to her three children.

She has retired from Farm Tractor Company as Office Manager. Over the years she liked to knit and found the sport of professional tennis of

interest. Today she enjoys jigsaw and word search puzzles, bingo, flower arranging, listening to country music, and taking walks with her neighborhood of friends. When asked of her food preferences she replies...I love fast food, however, nothing compares to good old southern cooking. You can forgo the fish and milk; it's not among her favorites. A refreshing cold mountain dew is always a nice treat, but RC Cola has always been her favorite. Mildred looks forward to the warmth of spring and encourages you for a chat during a stroll or lunch bunch dine out.
