Dog Days of Summer

August is a month of sultry heat in most locations, but for many people it brings to mind family vacations, the end of summer, and the anticipation of returning to school. Often, you will hear elders speak of the hot, lazy days of August as the “dog days of summer.” Historically, the dog days of summer happened during the period of Sirius, the dog star, which rose at the same time as the sun. “Greek and Roman astrologers connected this time with heat, drought, sudden thunderstorms, lethargy, fever, mad dogs, and bad luck.” Well even though we can’t change the weather, maybe with a little luck, we can delight ourselves in whatever weather may come our way. So stay cool and collected with our activity line up for August. We will venture out to the Dollar General store, take a tour downtown with our lunch bunch group to eat at Sweet Potatoes Restaurant, celebrate farmers market week with a trip to Moose Café’ with market shopping and we will end our month with an afternoon at the movies. Our calendar is stuffed full of cool and helpful activities. I hope you’ll find something to keep you intellectually, physically, emotionally and spiritually challenged.

Thanks to everyone who participated in our Family Night Ice Cream Social, it was an enjoyable evening with Selene Teague from Mountain Valley Hospice. If we can answer any questions please don't hesitate to communicate with us as we are here to assist you and your family through every step you take. Enjoy What You Do, *Carolyn Flynn, LED*

August Birthdays

In astrology, those born between August 1–22 are Lions of Leo. Leos are natural-born leaders: confident, charismatic, creative, and warm-hearted. Leos also use their humor and loyalty to bring people together to work for a common cause. Those born between August 23–31 are Virgo Virgins. Virgos are one of the most careful signs of the zodiac. They pay attention to detail, analyze problems, and plan so as to leave nothing to chance. These amazing listeners give excellent advice.
