## April Birthdays

In astrology, those born between April 1–19 are Aries' Rams. As the first sign of the zodiac, Aries are energetic and assertive initiators. With bravery, zeal, and speed, they jump headfirst into life, confident they can navigate any challenges. Those born between April 20–30 are Taurus' Bulls. Bulls are hardworking, ambitious, honest, and dedicated to finishing tasks with a dogged persistence. And once the work is done, a Taurus expects to enjoy the fruits of their labor.

## Time for a Change

Times Square is one of New York City's most famous landmarks, but many don't know where it got its name. Before it was Times Square, the intersection was known as Longacre Square, named after London's Long Acre Square. Both places were hubs for horse carriages, brothels, and saloons. When Adolph Ochs acquired *The New York Times* newspaper in 1896, he sought a part of town far from City Hall and "Newspaper Row" for his growing news empire. He found his spot in Longacre Square, which the mayor renamed Times Square for the newspaper's offices on April 8, 1904.
