June Birthdays

In astrology, those born between June 1–20 are Gemini's Twins. They have two distinct and alluring sides to their personality: sociable and ready for fun, or serious and thoughtful. Sometimes they feel as if one half is missing, so they forever seek new friends. Those born between June 21–30 are Crabs of Cancer. Guided by their hearts, Crabs are deeply emotional and nurturing. They create deep bonds and comfortable homes and are always willing to welcome people into their circle.
