July Horoscopes

In astrology, those born between, July 1–21 are Crabs of Cancer. Crabs are deeply emotional and nurturing. They create deep bonds and comfortable homes and are always willing to welcome people into their circle. Those born between, July 22–31 are Lions of Leo. Leos are natural-born leaders: confident, charismatic, and creative. Leos use their humor and loyalty to bring people together to work for a common cause.
