March Birthdays

In astrology, those born between March 1–20 are the Fish of Pisces. Fish feel things deeply, as in under-the-sea deep. These intuitive, creative, and intelligent people have strong feelings of right and wrong and also love to help others. Those born between March 21–31 are the Rams of Aries. As the first sign of the zodiac, Aries like to be number one. Bold, courageous, passionate, and somewhat impulsive, Rams dive headfirst into even the most challenging situations.

March Madness with Holly

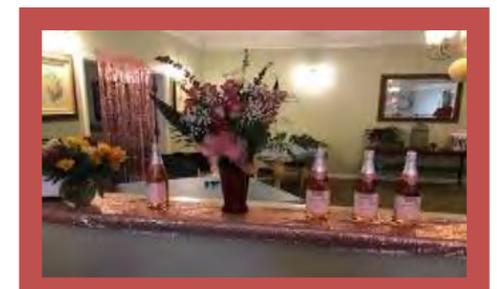

In February we discussed careers from 1900 to 1910. The 11th was national invention day, so we discussed inventions in that decade. We also talked about African American occupations in 1900 to honor Black History month.

As we move into March, we will discuss careers from 1910-1920. A few of our topics will be Single women and wages, women finding their place in the workforce, and important events in the decade.

I am excited to learn more and I hope the residents enjoy it as well!

I want to thank everyone for your support with our can food drive and helping us make the Valentine's party a success!

-Holly

Sunday, March 8th

from the 'Day of Love' to 'Fat Tuesday'...

*A message from Mechelle,
Executive Director:*

We have a responsibility to ensure a safe & healthy environment for all of our residents. State and County regulators monitor our community to ensure we are meeting these expectations. A main area of focus on a county level is cleanliness.

If you have food in your rooms, we ask that it is covered and maintained in a way to prevent a foodborne illness and to prevent bug infestation.

Clutter, is another area of concern as it can contribute to a fall; in addition to, making it more difficult for housekeeping to clean.

Please understand, if these requests are not being adhered to, we have to step in and address the issue.

Thank you for understanding, and assisting us in continuing to be the best in Statesville!
